PACKED IN  
OUR OWN  
UK MILL

### Product Description

Chaste Tree Berry powder (Vitex Agnus-Castus), is a herb predominantly used to naturally support hormone and mood balance for moody mares or 'riggy' geldings providing a gentle calming effect. It is ideal for curly-coated older horses such as those with PPID/Cushing's, supporting normal pituitary function helping to maintain dopamine levels. Chaste Tree Berry contains bioactive ingredients with a variety of benefits, such as anti-inflammatory, antioxidant, anti-glycaemic and antimicrobial properties to help promote overall health and well-being.

Not recommended for pregnant mares.
