## CINNAMON

### Key Points:

- ✓ Helps to maintain healthy insulin levels.
- ✓ Aids & maintains digestive health.

PACKED IN  
OUR OWN  
UK MILL

### Product Description

Cinnamon (Ture) is a herb used to increase palatability with its sweet smell whilst also having beneficial properties to help with digestion and metabolic maintenance and support. It helps to promote insulin activity which is beneficial to horses that may need support with maintaining normal blood sugar levels.
