**BANANA MASH**

**Key Points:**

- ✓ With Banana Chips
- ✓ A great way to help improve fluid intake.
- ✓ Ideally for use post training, when travelling or at competitions.

MADE IN  
OUR OWN  
UK MILL

**Product Description**

Banana Mash is a tasty treat that your horse or pony will enjoy.

Fed soaked as a soft textured mash, Banana Mash Treat has a “water holding” capacity which will help improve fluid intake, especially useful post exercise, when travelling or recovering from illness to encourage your horse or pony to drink. It is also much more palatable for horses that struggle to chew and digest due to old age or illness.

As the Banana Chips are dehydrated they store and travel better.

**Soaking Guide:** Soak for 10 minutes with a minimum of equal volumes of dry feed and water or to your preferred consistency.
