

ROWEN BARBARY

CARROT MASH

Key Points:

- ✓ With real Carrot Flakes
- ✓ A great way to help improve fluid intake.
- ✓ Ideally for use post training, when travelling or at competitions.

MADE IN
OUR OWN
UK MILL

Product Description

Carrot Mash is a tasty treat that your horse or pony will enjoy.

Fed soaked as a soft textured mash, Carrot Mash Treat has a “water holding” capacity which will help improve fluid intake, especially useful post exercise, when travelling or recovering from illness to encourage your horse or pony to drink. It is also much more palatable for horses that struggle to chew and digest due to old age or illness.

As the Carrot Flakes are dehydrated they store and travel better.

Many horses regularly enjoy Carrots and by feeding healthy treats that taste good to your horse will help ensure that positive behaviour is rewarded without any detrimental effect.

Soaking Guide: Soak for 5 minutes with a minimum of equal volumes of dry feed and water or to your preferred consistency.

Analytical Constituents

Digestible Energy	7.50 MJ/Kg
Oil	2.50 %
Protein	10.00 %
Fibre	27.00 %
Ash	4.50 %
Starch	4.50 %
Sugar	14.50 %
