Product Description

Containing excellent quality protein sources that provide essential amino acids Rowen Barbary Muscle Builder helps encourage overall muscle tone and development and is suitable for any horse that needs an improvement in condition.

Carefully formulated with a unique blend of milk powders, breakfast cereals, highly digestible protein sources, glucose, oils, vitamins, minerals and trace elements. Additional Lysine and Methionine are included for optimal protein balance in Rowen Barbary Muscle Builder which helps support the formation and repair of muscle tissue, aiding recovery from hard training.

Providing an extremely beneficial source of slow release energy Rowen Barbary Muscle Builder helps support increased stamina for sustained performance in horses working hard. Coconut oil is also included which will help improve skin and coat condition for all-year round shine.

Feeding Guidelines:

Introduce slowly over a 10-day period, building up to about 1gm per 1kg of bodyweight.

When the required level of condition is achieved, gradually reduce the quantities fed to a level that will maintain condition and bloom.
