

ROWEN BARBARY  
**READYMASH EXTRA**

**Feed to:**

- ✓ Poor doers, requiring condition & weight gain.
- ✓ Horses at all activity levels, including broodmares & youngstock.
- ✓ Horses requiring increased stamina for sustained performance.
- ✓ Veterans with poor teeth and horses with dental problems.
- ✓ Sick or convalescing horses.

**Key Points:**

- ✓ Contains essential oils enhanced by milk powders for condition.
- ✓ Highly digestible fibre to help support hind gut health.
- ✓ Glucose powders for electrolyte balance.
- ✓ Fully balanced in essential nutrients for overall health & vitality.
- ✓ 5 minutes soaking time.

**Product Description**

A palatable mash designed for horses that need a higher calorie diet for conditioning and controlled weight gain, whilst providing an excellent source of slow release energy from the structured fibre.

With high levels of essential oils and milk powders Rowen Barbary ReadyMash Extra is designed to help horses achieve the required body condition, whilst ensuring a great coat bloom. The high fibre content helps to encourage slow rates of digestion throughout the hind gut and is particularly valuable for horses requiring a diet that is sympathetic on the digestive system.

The super fibres also have an excellent water holding capacity to help improve fluid intake and together with the inclusion of glucose powders help to maintain electrolyte balance, aiding reduced recovery time after strenuous work or any illness.

Fully balanced in essential vitamins, minerals and trace elements to help support overall health and vitality, Rowen Barbary ReadyMash Extra provides all the daily nutrients your horse needs.

**Soaking Guide:** Soak for 5 minutes with a minimum of equal volumes of dry feed and water or to your preferred consistency.

1 level round scoop = 1.15kg of feed approx

**Analytical Constituents**

Digestible Energy	11.30 MJ/Kg
Oil	5.25 %
Protein	11.75 %
Fibre	18.50 %
Ash	6.70 %
