ROWEN BARBARY

TOPLINE SYNERGY

Feed to:

- ✓ Horses needing improved topline and muscle development.
- ✓ Performance and competition horses in work
- ✓ Horses lacking condition or muscle tone
- ✓ Horses recovering from work or weight loss
- ✓ Horses with poor nutrient utilisation

Key Points:

- ✓ Concentrated high-quality protein for muscle support
- ✓ Supports topline development and condition
- ✓ Includes amino acids for muscle repair
- ✓ Contains yeast to support digestion and gut health
- ✓ Low in starch & sugar - suitable for sugar-sensitive horses

QC QUALITY AND CARE · UFAS Universal Feed Assurance Scheme · NOPS BETA

MADE IN OUR OWN UK MILL

Product Description

Topline Synergy is a high-specification, concentrated protein supplement designed to support optimal muscle development, topline condition, and digestive efficiency in horses. Formulated using a blend of high-quality plant proteins, functional amino acids, and advanced yeast technologies, it promotes lean muscle tone while maximising nutrient utilisation from the diet.

Ideal for performance horses, show horses, and those requiring improved condition without excess weight gain, Topline Synergy delivers targeted support for muscle repair, recovery, and development. The inclusion of scientifically proven yeast derivatives supports a healthy gut environment, enhancing fibre digestion and overall feed efficiency.

This dual-action approach ensures horses not only receive the building blocks for muscle development, but are also able to effectively digest and utilise those nutrients aiding improved topline, condition, and performance development.

Feeding Guidelines

20g per 100kg of bodyweight.
1 heaped 25 ml scoop = 20g

Analytical Constituents

Digestible Energy	15.18 MJ/kg
Oil	5.82%
Protein	62.79%
Fibre	2.94%
Starch	1.86%
Sugar	1.88%

Composition

Pea Protein, Potato Protein, Copra, Spirulina Powder, Linseed Meal, Brewers Yeast, Grass Pellets.

ADDITIVES (PER KG)

Amino Acids: 3b415 Lysine 51,600mg, 3c301 DL Methionine 13,700mg, 3c411 Threonine 31,600 mg, 3c410 Tryptophan 6,500 mg.

Digestibiltiy Enhancers

4a1704 Yea-Sacc 1026, fructo-oligosaccharides (FOS), mannan-oligosaccharides (MOS), Nucleo-sacc.
