Product Description

Tutti Frutti Mash is a quick soaking, high fibre mash that is bursting with flavour.

Containing natural red cherries, apple and banana Tutti Frutti Mash contains everything that your horse loves, with the added benefit of a unique aroma to help enhance taste.

Research has shown that horses prioritise diets that contain a sweet taste or odour, with cherry and banana leading the way in terms of palatability, helping make Tutti Frutti Mash simply irresistible.

Each delicious treat is specially prepared using only the highest quality, human food grade ingredients to help ensure the absolute best for your horse

The high fibre base not only supports a healthy hindgut but has an excellent “water holding” capacity which will help improve fluid intake, especially useful post exercise, when travelling or recovering from illness to encourage your horse or pony to drink.

Soaking Guide: Soak for 5 minutes with a minimum of equal volumes of dry feed and water or to your preferred consistency.
